Dear Hal,

Thought these enclosures from The Heymann book would interest you.

A very much "anti-Kennedy" book albeit fascinating although you are listed in the bibliography, R.F.K. is blamed for The R.F.K. autopsy, a Possession taint.

Note The Garrison - R.F.K. conversation.

One of the few things that L.B.J. and R.F.K. agreed on was their mutual contempt for The Warren Report.

Why did L.B.J. have The F.B.I. investigate you

Bob agreeing with Him!

L.B.J. and R.F.K.

were more conspiratorially minded than you.

Day one R.F.K. suspected The CIA and anti-Castro Cubans. Later, he blamed The mob.

R.F.K. must have gotten Mae's tapes. Ha Ha!

On Nov. 22, he tells Haynes Johnson, "One of your guys did it", a reference to anti-Castro Cubans.

Hal, you were Bob more sober and responsible in your criticism than R.F.K. or L.B.J.

Hope Lillian is better.

Sincerely,
Ed Williams
